- Campion did receive us as boys and graduated us as men. More importantly, we all graduated as brothers. We formed a family at Campion. At our family reunion, we enjoyed getting together and catching up, but we also missed those who have departed and those not able to be there for whatever reason. If you were not able to join us please remember that we missed being with you. Look over the directory and make contact. Hopefully, most of us will be able to enjoy getting together at our next reunion.

- To All,

I had a great time at the 55th reunion! Fifty-five years is too many summers of separation, and as long as we keep the reunions within reach of Cincinnati, you are going to have to get used to my presence.

I avoided looking at what is left of our high school. I had my issues with Campion, with our education, with the Jesuits. But all things considered, it was an excellent four years, and that ground deserves better than what it has become.

Best to all. And remember: Birthdays are good for you, because those who have the most of them live the longest.
